

## AFRICOM SPOT-TOPSS-JAMMS Update

December 2010

# Discussion Topics

- Review of the SPOT-TOPSS Capability
- Use of SPOT-External Information Across Functional Areas  
(Review Information Grid)
- Review Management and Reporting Information Required for Planning
  - Use of Information in SPOT and other Sources
  - Reports Samples from PACOM feedback
- Discussion of PACOM Requirements for Managing Contracted Resources

# JAMMS

# JAMMS Functionality

- Version 3.5 is the currently fielded version.
- Network capable
- File export for DTAS, DCAVES and GATES; working with SPA.
- Can scan barcode 39, PDF 417, read chips, proximity cards and magnetic stripes
- Scans will begin feeding JPAR
- Issuing expeditionary sets to COCOMs.
- Migrating to Software as a Solution in future release.
- Over 215M scans collected to date.

# SPOT Update

- SPOT 7.0
  - Bulk Deployment
- SPOT 7.1
  - DOD Contract Format
  - LOA Signature and Close-out
  - TBC Phase 1
  - SOFA Statement
- SPOT 7.2
  - Contracts Focus
  - WEB Services Builds
  - N-Tier Closing Activities
  - Aggregate Numbers (USAID)

# Total Operational Picture Support System (TOPSS)

# TOPSS

- Robust reporting system
- Standard and ad-HOC
- Geo-Spatial
- Scalable for non-DOD users
- NATO/SHAPE Pilot for ISAF (FEB 2011)
- COCOM Requirements

# Sample Requested TOPSS Reports

- Review Selected Contract and Personnel Reports

# Summary of Contractors by Unit Name

Category	TBD
Parameters	Government Organization
Description	Summary of Contractors by Unit Name Report that will display embedded contractors in units where they are a part of the organization specified.

Supporting Government Organization	# of Contractors
Acquisition, Logistics and Technology	32
Army and Air Force Exchange Service	38
Army Central Command	64
Army Contracting Agency, Not Specified, Not Specified	65
Army Contracting Agency, USA Contracting Command SWA Qatar, Not Specified	87
Army G1, Not Specified, Not Specified	53
Army G2/INSCOM, Not Specified, Not Specified	47
Army G4, Not Specified, Not Specified	78
Army Materiel Command	33

# Summary of Unique JAMMS Scans by Date/Time, Type, and Location

Category	TBD
Parameters	COCOM, Country, Operation, Date Range,
Description	This report provides the number of unique JAMMS scans by date/time, type, and location, with the ability to drill down to personnel details.

Date	Location	Type	Total Unique Scans
9/20/2010	<u>Camarines Sur</u>	DFAC	36
9/21/2010	<u>Camp Bautista</u>	DFAC	6
9/22/2010	Carlel	DFAC	200

Location: Camp Bautista						
Date	Time	Last Name	First Name	SSN/FIN	Nationality	Job Title
9/21/2010	9:07	Smith	John	XXX-XX-1234	USA	Electrician
9/21/2010	10:12	Jones	Tom	XXX-XX-4321	USA	Driver
9/21/2010	10:14	Thomas	Jim	XXX-XX-6789	USA	Cook 2
9/21/2010	12:01	Smith	John	XXX-XX-1234	USA	Electrician
9/21/2010	14:15	Thomas	Jim	XXX-XX-6789	USA	Cook 2
9/21/2010	14:27	Singh	Paul	191919	India	Software Eng
9/21/2010	15:51	Patel	Rick	110181	India	Software Eng
9/21/2010	16:34	Lee	Bruce	141730	South Korea	Driver

# Number of Active Deployments Mapped by Duty Station

Category	Personnel, Contracting, Auditing, Operations/ Planning/ Logistics
Parameters	NONE
Description	This report counts the number of active deployments at each duty station, by location. The counts are aggregated and displayed by color coded pins, fitting them into pre-defined ranges of counts.

# SPOT-TOPSS In Support Of Operations

- We need your help in defining AFRICOM reporting requirements.
- PMO will build management reporting and dashboard type monitoring reports for COCOMS.
- Contract/contractor information is required for other functional staff activities
- Transition of

# Urgency for Building Awareness

- Need Steady state operational view of contracted footprint
- “Phase 0” definition is reliant on pre-contingency visibility
- Institutionalize contractor information through reports usage in various staff activities
